## THE GIFT OF LIFE MID-SOUTH NEWSLETTER

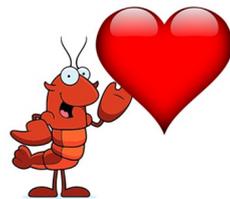

Child #83: Praise from Uganda

Child #84: Christian from Jamaica

Rotarian of the Month

Save a Heart Crawfish Boil

Our Ugandan family, Praise, her mother Mary and her father Martin, arrived on March 12<sup>th</sup>! Praise was not feeling well when she arrived and unfortunately, she was diagnosed with measles. Praise is better and is no longer considered contagious. However her mother was not immune, so GOLM helped the family secure secluded housing. Praise and her family will check into the FedEx Family House in a couple of days! Thank you to the Downtown Rotary Club of Memphis for caring for this family! Please sign up to take them a meal:

Our Jamaican family, Christian, and his mother, Roxanne, arrived mid-March. Christian had successful surgery at Le Bonheur on March 20<sup>th</sup> and he is already back at the FedEx Family House recovering! Thank you to the Collierville Rotary Club for its continued support of this family!

Please sign up to take them a meal:

The GOLM Rotarian of the Month is Jim Drummond from the Midtown Memphis Rotary Club! Jim consistently volunteers to bring meals for the GOLM families. He faithfully offers his time to the GOLM children and is true example of "service over self."

Thank you, Jim!

The second annual Save a Heart Crawfish Boil was a huge success! Thank you to the attendees and the sponsors! Your support is helping Gift of Life Mid-South to provide life-saving heart surgery to children from all over the world!

## Ways to Help

### **Financial Support**

Your donations go directly to help the children we bring to Le Bonheur Children's Hospital. All GOLM-affiliated hospitals charge a nominal fee to cover basic hospital costs. Funds are also used for incidental expenses while the family is staying in Memphis at the FedEx Family House.

[Donate](#)

### **Volunteer**

Rotary Club and Latino Memphis volunteers are a critical part of the Gift of Life mission. Volunteers and their families have the opportunity to get to know our guest families on a personal level. The host Club provides meals and transportation during the family's stay in Memphis. Volunteers also accompany families to clinic visits and provide support during the hospital stay.
