

### Welcome Adrian Romeo Rejon!

Adrian Romeo Rejon, 12 years old, arrived from Belize to Memphis with his mother, Maria, on September 30, 2024. He came with the expectation of having a big home in his heart repaired. Upon further examination, it was discovered that he had a leaky valve that could require a heart transplant in the future. Through the skill of Dr. Umar Boston and his team, he closed the hole and repaired the valve. Dr. Boston said he should be good for at least the next 40 years. His surgery took place on October 9, 2024, and he is successfully recovering.

We are asking for volunteers to visit them and assist them in having a meal once a day. Please consider spreading some love while we are in town. Maria Luz Escobar is the mom, and her cell phone number is 901-275-0930. Please call her before you arrive to let her know you are coming. Click on the link below to sign up and take them a meal.

### A Night to Remember

#### Gift of Life Midsouth 10th Annual SAVING HEARTS AROUND THE WORLD Gala Presented by Pinnacle Financial Group

Another successful gala on the books, and we could not have done it without you. We appreciate all our sponsors and donors supporting the work we do in saving a heart benefiting Le Bonheur Children Hospital. The event included a sunset cocktail reception, silent and live auction, seated dinner catered by Donnelson's Catering, award presentations, dancing, and live music performed by Memphis' own Soul Shockers. Our speaker this year was Mark Ford with Gift of Life International. His presentation focused on strategically building bridges between Gift of Life programs, foreign Governments, Rotary Clubs and Districts, like minded organizations, and hospital administrations to address the Global Crisis of congenital heart defects.

### Support Us

Your donations go directly to help the children we bring to Le Bonheur Children's Hospital. All GOLI-affiliated hospitals charge a nominal fee to cover basic hospital costs. Funds are also used for incidental expenses while the family is staying in Memphis at the FedEx Family House.

Rotary Club and Latino Memphis volunteers are a critical part of the Gift of Life mission. Volunteers and their families can get to know our guest families on a personal level. The host club provides meals and transportation during the family's stay in Memphis. Volunteers also accompany families to clinic visits and provide support during the hospital stay.
